SUMMARY

Graduated in architecture, with an experience in web and user interface design, as well as interior design and architectural and urban planning. Passionate about quality, creativity, and collaboration, I combine unique technical and artistic skills to enrich every project. Adaptable and effective in dynamic environments, I excel both independently and within multidisciplinary teams.

SKILLS

- Web design
- Mobile app design
- UX/UI design
- Figma
- Adobe Photoshop
- Autocad
- Sketchup
- Revit
- Interior design
- 3D Modeling
- Group work
- Professional communication

WORK EXPERIENCE

Web designer , ARCS-France & Fédération Internationale ARC (Volunteer) Mars 2025 - Present

- Analyzed and tested the old ARCS website and wrote comprehensive reports identifying existing issues and their impact on visibility and user experience.
- Contributed to the association's website update, resulting in a 40% increase in user engagement and retention.

UI designer , DIGITKOM Agency (Onsite - Full-time) Dely ibrahim, Algiers Nov 2025 - Dec 2025

- Create a web and mobile interface design for a multi-page ecommerce site, ensuring a clear and simple layout for the users.
- Collected and noted the client's needs and requirements and transformed them into a modern, attractive design that satisfies the client and achieves their goals.
- Followed the process of collecting inspiration, then creating wireframes and prototypes, and finally testing the final result for the project.

Front-End Developer, FREELANCE Jan 2025 - Nov 2025

- Developed and integrated UI/UX designs, leading to a 25% increase in user engagement and retention.
- Improved user interface performance by 30%.

Architect Internship, Architecture Firm

Jan 2024 - Jun 2024

- Contributed to the design of an architectural project (Mosque in Regaia) by bringing innovative ideas adapted to the client's needs.
- Designed 2D architectural plans of the mosque focusing on maximizing the prayer space using **Autocad** software.
- Conceptualized the 3D model and interior design of the mosque using **Sketchup** and **Enscape** for renderings ensuring a clear and accurate representation.
- The relaxation area in the mosque was enhanced by creating a central green space dedicated to this purpose.

Designer, SHELLMATES CLUB (Volunteer)

Oct 2021 - Jan 2022

- Collaborated with the design team to develop more than 10 attractive and informative designs for event display boards, thereby improving event visibility and audience engagement.

EDUCATION

Bsc Architectural Engineering and Design

University Of Algiers 1

- Gain in-depth knowledge of design principles by carrying out design projects and exploring various forms of artistic expression.
- Gain knowledge of design principles by creating design projects and artistic creations.
- Learning BIM and 3D modeling software for the design and management of architectural projects.

Front-End Developement

Meta - Coursera

- Developing a solid foundation in UI/UX design by creating complete scenarios for an e-commerce site.
- Masters techniques for optimizing the performance of web applications.

Full Stack Web Development Diploma

Code Labs Academy Berlin - Allemagne (Remote)

- An intensive 10-month program dedicated to learning Full-Stack Web development. This program focuses on technical training in web coding and design.
- Proficiency in creating full-stack web applications using various technologies (HTML, CSS, JavaScript, ReactJS, ExpressJS, MongoDB).
- Solid knowledge acquired in computer concepts and network concepts (TCP/IP, DNS, HTTP).
